TWO BIG EXCURSIONS
TO HAWAII PLANNED

The following is Promotion Secretary Wood's report for the current week:

Chairman and Members of the Hawaii Promotion Committee.

Gentlemen: Travel to Hawaii still keeps up in a most satisfactory manner with the outlook for a record breaking winter travel brightening right along.

The following letter gives the latest information concerning the proposed Elks and Knights of Columbus Excursions.

"San Francisco, Aug. 5, 1909. My Dear Mr. Wood.

"As you probably are aware we are working on the Salt Lake Lodge of Elks for an island trip during the month of January. We are also in negotiation with a committee for a similar excursion trip account Knight of Columbus. The latter gentlemen now think that the month of May is the more desirable one to visit the islands. This feature I am not thoroughly informed on and wish you would drop me a line stating periods best adapted, taking into consideration weather conditions, crops, etc.

"With both of these parties we propose to make a lump sum charge for the steamer Queen to leave San Francisco sailing direct to Hilo, thence to Honolulu. Our charge does not include lightage of passengers between ship and shore at Hilo and Honolulu, neither does it include the Volcano trip from Hilo. I wish to know what charge is made for the Volcano trip from Hilo, figuring at least 200 in each party. How many can be accommodated at the Volcano hotel. How long a trip is it? How much time is consumed? If it is necessary to split up parties into relays can two relays be handled each day. For instance one party to go to the Volcano leaving Hilo in the morning and after their return another party to be taken over, the latter to remain at the hotel over night. State also what facilities there are for lightage between ship and shore both at Hilo and Honolulu, also what charge is made for these shore trips.

In each case we have stated to the parties that they may live aboard the ship entirely if it is their desire to do so. I would like in this connection to have you state what hotel rates they may expect for those desiring to live ashore at Honolulu.

The above outlines the principal features I wish covered and hope you will anticipate any other information that will be valuable to enable us to state to the committee intelligently conditions in all possible directions. I will feel obliged for a reply at your early convenience.

Very truly yours,
(Signed) C. D. DUNANN,
G. P. A., Pacific Coast S. S. Co."

The following letter from a prominent physician of New Haven, Connecticut, we received by the Korea yesterday, in answer to our circular letter to physicians:

"I was very glad to receive your letter of June 30th with reference to the climate of Hawaii and its desirability as a health and vacation resort. I should fancy it was just the place that many of us have been looking for. Will you please tell me definitely how the prices for board and room per week range and also what prices are charged for passage from San Francisco."

Concerning our 1910 Floral Parade poster, Mr. Harry Mist writes that he hopes to have the work out by the

end of this month.

The following items of interest occurred in a letter just received from Mr. Will J. Cooper hearing date of July 24th.

"We were fortunate enough to be able to entertain informally some one hundred and fifty members of the National Editorial Association last Thursday evening. They have been in session here during the week but their time was so taken up that it required some lively hustling to get hold of them. However, thanks to your work in the past, a letter of yours which was read before the convention, some effective boosting by the indomitable Mrs. Weathered, and my own efforts, all of which were received with favor and paved the way, were able to sidetrack a reception and dance and so get our inlings.

"We showed our motion pictures and afterwards fed the crowd with pineapple and they left us in a very agreeable frame of mind. I think it was very good missionary work which can be followed up to advantage.

"During the week there have also been conventions of medical associations of a number of states of the Northwest and I have met some of the delegates. J. J. Taylor, M. D. of 4105 Walnut St., Philadelphia, Pa., an editor of a medical journal in that city, tells me that the American Medical Association will meet next June in St. Louis, and that in all probability the following year in Los Angeles. He tells me that the prospect of an excursion to Hawaii at that time will have a good deal of weight with the delegates.

"The Bonine transparencies got here in good shape. None were broken, except three of the smaller pictures which were cracked slightly near the corners, which however, has not damaged them at all for our purpose. They have just been put in the windows and attract much attention. All of our people are much pleased with the pictures especially with the surfing views which none of us had seen. They are certainly fine."

I have found it necessary to secure extra assistance in addressing envelopes and mailing folders during the past few days but by the end of this month we will have concluded our special mail campaigns for next winter's travel and the regular office force will be able to take care of the work. During September, we will again round up the different excursion bureaus and steamship and railway offices the world over, renewing supplies of folders, maps, etc.

I am pleased to be able to report that on each steamer leaving Honolulu there may be found one or more passengers who find it convenient to carry with them a good supply of our folders for distribution during their travels. This is a great help to us in our work and cannot fail to bring results.

The fifth edition of "Hawaii, A Primer" is now coming from the Press. While we are well supplied with advertising matter for the present, we shall need at least 100,000 copies of our general folder and 50,000 copies of the Primer early next year, as well as another edition of "Agriculture in Hawaii."

Respectfully submitted,
H. P. WOOD,
Secretary.

Fine Job Printing, Star Office.

SURE SIGN.

Maude—That was Mr. Newly who was sitting next to you on the hotel piazza yesterday evening. What did you think of him?
Marie—It was so dark I couldn't see him, but I'm sure he's homely.
Maude—Yes, but how do you know?
Marie—I heard him remark several times that "handsome is as handsome does."

COAST ARTILLERY
HERE ON SHERIDAN

The U. S. Army Transport Sheridan reached the Matsoa wharf this noon, after a fine trip from San Francisco. She came up to the dock in one of the prettiest landings made by a large steamer for some time. Pilot Macaulay being the presiding genius on the bridge of the vessel.

The Sheridan brought down the 159th and 105th companies of the Coast Artillery corps, commanded by Major John N. Cree. The tents and stores for the artillery men came on the transport but otherwise their camp at Fort Ruger is ready for occupancy.

Among the prominent passengers on board the Sheridan are Lieut. Col. J. B. Ballinger, till recently the general superintendent of the transport service; Col. J. L. Chamberlain, inspector general; Major William Lassiter, inspector general; Col. W. P. Evans, of the general staff; Lieut. Col. Chas. Richards, of the Medical corps. All are bound for Manila.

The Sheridan will not sail for the Orient till Saturday, when she will probably leave at about noon and in the meantime there will be dances given in honor of the officers on board.

This evening there will be dances given at the Young and Seaside hotel and tomorrow evening the Young will give a special dance. With the added officers from the St. Louis the uniform should be strongly in evidence.

The Sheridan brings in 720 tons of freight for this city, which includes machinery for steam rollers and rock crushers, which will be used here and for the discharging of which special tackle has been rigged on the transport. She will take on 600 tons of coal before leaving.

The first cabin passengers for this city are: Major John N. Cree, Captain James R. Pourie, Captain Harry Wilbur, Mrs. Wilbur and two children, First Lieutenant George E. Turner, First Lieutenant John S. Williams, Mrs. Williams, Captain C. C. Walcutt, Mrs. Walcutt, Dr. and Mrs. W. H. Smith, Second Lieutenant A. L. James, Second Lieutenant H. R. Vaughan. In addition to these there are thirteen second class passengers and 236 in the steerage, all belonging to either army or navy.

Crosson, be required for the liquidation of such claims and obligations, then these shares or so many thereof as may not be required for such purpose shall, upon the joint request of Parker and McCrosson, be equally divided between them.

to be capable of diversion to the other, and the water contemplated to be taken by each and available to either may become a fruitful source of controversy and litigation involving a loss to either or both of the companies.

There is susceptible of development for the mutual benefit and advantage of both, a vast supply of water contiguous to and easily available for either or both of the ditches.

From time to time certain outside parties have sought to gain control of either or both of the companies for the purpose of using them or either of them as subsidiary companies to other interests inimical to the best interests of all the stockholders of both companies.

Not for the purpose of retaining in office any person or persons now officers in either of these two companies, nor to pursue any fixed policy other than such policy as shall work to the mutual benefit and advantage of all the stockholders of both companies, but in order to preserve the control of said companies in the hands of those best capable of enhancing the value of their and each of their stocks, and to prevent the control from passing into the hands of people less qualified and disposed to conduct said business in a manner most advantageous to its welfare and to make the business of said companies successful and their estates valuable, this agreement is made.

THE AGREEMENT.

Following is the substance of the articles of agreement:

For and in consideration of the mutual convenience and agreements and the sum of one dollar by Parker to McCrosson in hand paid, Parker will turn over to a corporation to be incorporated under the laws of the Territory by charter 49,000 shares of the capital stock of Kohala Ditch Co. of the par value of \$102,000 on the basis of its contemplated increase of capitalization to \$800,000, or in the event that said capitalization shall not increase then to turn over 25,100 shares of the par value of \$251,000. McCrosson on his part engages to turn over to the same corporation 62,500 shares of the capital stock of Hawaiian Irrigation Co. of the par value of \$625,000.

Parker and McCrosson agree that the stock shall be divided as follows:

To McCrosson, 60,100 shares of the par value of \$10 each, equal to \$601,000

To Parker, 59,900 shares, of \$599,000 par value.

The unissued shares of stock, 30,000 shares of \$300,000 par value, to remain in the treasury for the benefit of the corporation.

Each of them shall out of their shares of stock deposited with Henry Waterhouse Trust Co., Ltd., to be retained by it for the period of twenty years from and after the death of either party to the agreement—by Parker 37,900 shares valued at \$379,000, and by McCrosson 381,000 shares valued at \$381,000—the certificate or certificates evidencing such shares to be endorsed with certain words, given, showing them to have been issued in accordance with this agreement.

Out of the remaining shares there shall be placed with Henry Waterhouse Trust Co. 900 shares which shall be held by it for the purpose of paying claims and obligations due from and entered into by Parker and McCrosson in promotion of the two ditch companies, and the remainder of the shares, 65,000, value of \$650,000, shall be divided equally between Parker and McCrosson. Provided that if these 9000 shares or any portion thereof shall not within a reasonable time, to be determined by Parker and Mc-

AFTER THE DANCE.

He—Er—very few dancing men here tonight.
She—Yes; I haven't come across one yet!

IN THE CIRCUIT COURT OF THE First Judicial Circuit Territory of Hawaii—At Chambers—In Probate. In the Matter of the Estate of Chun Afong, deceased.

On Reading and Filing the Petition and accounts of Bishop Trust Company, Ltd., an Hawaiian corporation, Administrator of the Estate within the Territory of Hawaii of Chun Afong, late of Macao in the Empire of China, deceased, wherein it asks to be allowed \$5,586.39 and charges itself with \$15,982.67 and asks that same may be examined and approved and that a final order may be made of distribution of the property remaining in its hands to the person or persons thereto entitled and discharging it and its surties from all further responsibility as such Administrator.

It is Ordered that Monday, the 20th day of September, 1909, at ten o'clock a. m., before the Judge of said Court, at the Court-room of the said Court, at Honolulu, Island of Oahu be, and the same hereby is, appointed as the time and place for hearing said petition and accounts and that all persons may then and there appear and show cause, if any they have, why the same should not be granted, and may present evidence as to who are entitled to said property.

By the Court:

LOVELY WEATHER.

Beautiful weather, this, for a ride to Haleiwa by auto or on the train. There is little dust on the road, it having been kept down by the gentle showers during the night. Patrons of the hotel will find the cuisine all that could be wished for and the service excellent. The golf links attract the players of that, almost, national game because they are so pleasantly located in a place where there is always a breeze. Everything about Haleiwa is inviting, the broad verandas with their comfortable chairs whisper invitations to all who come to the delightful place.

IN THE CIRCUIT COURT OF THE First Judicial Circuit, Territory of Hawaii. At Chambers—In Probate. In the Matter of the Estate of John Dillon, deceased.

NOTICE TO CREDITORS.
